**RE: Preparing today's learners for uncertainty – a webinar for parents  
Tuesday 9 November 1.00pm AEDT**

Dear Parents/Caregiver(s)

'Uncertainty tolerance' (UT), or how we process and respond to unknown or complex situations, is increasingly recognised as an essential workplace skill. Uncertainties in the workplace are ever-present and we've seen shared, global experiences of this with the uncertainties surrounding work during the COVID-19 pandemic.

On Tuesday 9 November Associate Professor Michelle Lazarus will discuss the impacts of UT on students, and outline some strategies to help parents to support their children to improve their UT to prepare them for their futures in further education and work. Register via this link:
